Re: WC Docket No. 17-108

Dear Ms. Dortch:

On Tuesday, May 9, 2017, Fred Campbell, Director of Tech Knowledge, met with Chairman Ajit Pai and his Wireline Advisor, Jay Schwarz, at the Federal Communications Commission. Mr. Campbell discussed the following:

- He presented the information in the attached written presentation that broadband transmissions are not “telecommunications” within the meaning of the Communications Act; and
- With respect to whatever net neutrality obligations the FCC might ultimately adopt, he suggested that the draft NPRM seek comment on whether the FCC should impose such obligations on all internet intermediaries with substantially the same “gatekeeper” power as internet service providers.

Sincerely,

/s/ Fred Campbell /s/
